

## INTRASYSTEMS AND NCOMPUTING ANNOUNCE PARTNERSHIP

August 15, 2018 | Madeline Doherty

**San Mateo, California — August 15, 2018** — IntraSystems, Inc., the Citrix Worldwide Partner of the Year in January, 2018, and NComputing Global, Inc., providing next generation thin-client enterprise solutions, are excited to announce a new Strategic Enterprise Partnership. This partnership is based on the recent announcement of Citrix Ready workspace hub by Citrix and the strong acceptance of NComputing's next generation thin-client enterprise solution.

NComputing and IntraSystems' strategic partnership provides a unique relationship for Citrix-ready enterprise customers requiring end-point deployment solutions and a full offering of end-to-end world-class products and services. Our partnership is focused on enterprise customers in the healthcare, finance, education, and government vertical markets seeking affordable solutions for Citrix Ready workspace hub by NComputing (RX-HDX).

IntraSystems provides secure application delivery, virtualization services, and secure network infrastructure solutions to SMB, mid-market, and enterprise organizations. "IntraSystems' customers are consistently challenging us to strengthen our Citrix offerings while providing the best solutions at the lowest cost of ownership. NComputing product solutions, such as the Citrix Ready workspace hub by NComputing (RX-HDX), meets these requirements and fits a wide-range of our customer virtualization needs," stated Paul Kunze, Vice President of Sales and Marketing at IntraSystems.

"We are excited to partner with IntraSystems to bring new innovations, such as Citrix Ready workspace hub (RX-HDX) to our customers and to transform the digital workspace of the future. This key strategic partnership enables NComputing to offer Citrix customers an important source of expertise, credibility and support in delivering our next generation thin-client virtualization products and services.," stated David Valentino, Vice President of Sales and Channels for NComputing Global Inc.
